ARRON LANGDALE

Architectural Assistant / MArch Architecture Graduate

07753429384 - langdalearron@gmail.com

Personal Statement

As an architecture graduate, I have a thoughtful, adaptable approach to design, with a blend of creative and technical skills. My design work has been recognised both regionally and nationally with a nomination to the RIBA 2026 Silver Medal and the winning of the RIBA Yorkshire Student Award. I take care in creating high-quality work, with my interests in pottery, bookbinding, and 3D printing informing my design perspective.

Experience

Architectural Assistant: Sep 2022 - Sep 2023 —
Company Name - Archi-Scape
Winnington Hall
Northwich
CW8 4DU

At Archi-Scape, I took on broader responsibilities over time, including shadowing the director and contributing to client discussions on live projects. I supported the design of a care home and a private residential project in the South Downs, gaining valuable insight into the development of projects in practice. I also strengthened my skills in Revit and CAD, applying them to architectural design work.

Architectural Assistant: Feb 2019 - May 2019 —
Company Name - Buju Architects
8 Brooks Street
SK1 3HS

As part of my undergraduate studies, I completed a short placement in an architecture practice, gaining valuable insight into the day-to-day running of a professional studio. I developed an understanding of how projects are coordinated, how design ideas progress within a practice, and the collaborative working involved in delivering architectural work.

Education

MA Architecture: Sep 2023 - June 2026
Huddersfield University
Queensgate
Huddersfield

Ba (Hons) Architecture: Sep 2017 - May 2021
Falmouth University
Woodlane
Falmouth

3D Design, Media, Geology: Sep 2015 - May 2017
Aquinas College
Nangreave Rd
Stockport

Achievements

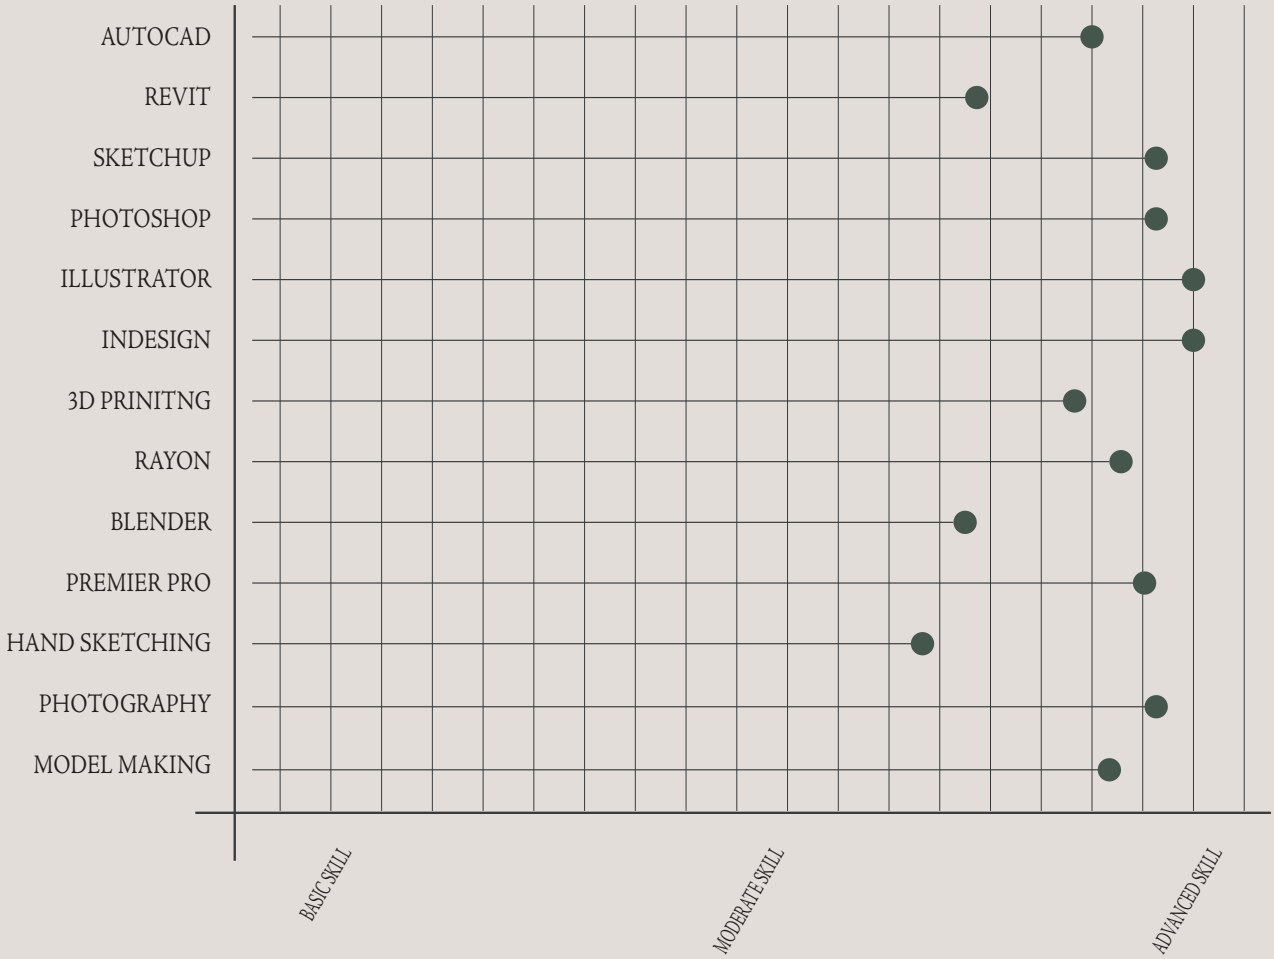

National Citizenship Service: Aug 2015 - Sep 2015
During the summer of 2015 I completed my NCS programme. This built teamwork skills, my ability to think critically and allowed me to push myself out of my comfort zone and conquer obstacles I previously thought impossible.

Student Representative for Equality and Diversity: Jan 2016 - June 2017
As an active member of my student council, I represented the college as an E&D ambassador on many union and student led conferences. This role helped me to develop a greater understanding of privilege and the many options I have to speak and fight for those who are misrepresented

Level 1 Award in British Sign Language: March 2017 - May 2017
During these few weeks, I participated in classes that helped me to develop my skills in British sign language. I am proud to develop these skills and I believe that it is a necessity for a community to strive to aid all.
